8 months of intensive experience in Python automated and manual testing  
*Best student in the class!*

## EDUCATION

**KoronaTech SHIFT:** 2025 Java test automation course  
**SOLVD.laba:** 2024 Java test automation course  
**ItStep academy:** 2023 Manual and automated (python) software testing  
**TC EPAM:** 2023 Introduction to Java  
2023 Automated testing in Java  
**Belhard academy:** 2023 Java automated software testing  
**Stepik:** 2024 Software testing from the beginning. Theory + practice  
2023 Python programming  
2023 Python indie course  
2023 Python basics and practice  
2023 Python automated software testing  
2023 Jira dashboards  
2023 Quick SQL start  
2023 SQL and Python  
2023 Postman  
**Youtube:** 2023 JMeter: web performance testing  
2023 Test design techniques  
2023 Python Django  
2023 Python Flask  
2023 Java Spring  
**RSSchool:** 2021 FrontEnd: HTML, CSS, JavaScript  
**JavaRush:** 2019 Java programming  
**BNTU:** 2010 Web design and computer graphics  
2006 Power engineering faculty, Master of technical sciences

## CERTIFICATES

**ItStep academy:** Manual and automated (python) software testing  
**Stepik:** Software testing from the beginning. Theory + practice  
Python programming  
Python indie course  
Python: basics and practice  
Python automated software testing  
Jira dashboards  
Postman  
SQL and Python  
**RSSchool:** FrontEnd: HTML, CSS, JavaScript

## SOFT SKILLS

Communication, Attention to detail, Teamwork, Analysis, Logical reasoning, Decision making, Mentorship, Responsibility

## LANGUAGES

Russian: Native speaker  
English: B1 (Intermediate)
